Report on National Webinar on “Triage and Pre-Hospital Role of Nurse and Preparedness During War in Community”

Date: 25 November 2025

Time: 10:00 AM

Mode: Online (Zoom Platform)

Organized by: Department of Community Health Nursing

Speaker: Dr. Rupali Salvi, Professor, D. Y. Patil College, Pune

Moderator: Mr. Nirbhay Mohod, Associate Professor, Godavari College of Nursing

Vote of Thanks: Ms. Swati Gadegone, Assistant Professor

Introduction

The **Department of Community Health Nursing** successfully organized a National Webinar on the topic **“Triage and Pre-Hospital Role of Nurse and Preparedness During War in Community”** on **25th November 2025** through Zoom. The objective of the webinar was to enhance the knowledge and readiness of nursing professionals and students regarding emergency response, disaster triage, and the crucial role of nurses during war and conflict situations in community settings. The session witnessed enthusiastic participation from faculty members, practicing nurses, and students from various institutions across India.

Proceedings of the Webinar

The webinar commenced at 10:00 AM with a warm welcome extended by the moderator, **Mr. Nirbhay Mohod**, Associate Professor, Godavari College of Nursing. He briefly highlighted the importance of emergency preparedness and the need for updated skills in managing wartime and mass-casualty situations.

Keynote Session

The keynote address was delivered by **Dr. Rupali Salvi, Professor** at D. Y. Patil College, Pune. Her session was informative, interactive, and well-structured. She covered the following key aspects:

Principles and categories of triage during disasters and war

Pre-hospital care protocols and immediate nursing interventions.

Community-level preparedness strategies for managing mass-casualty incidents.

Role of nurses in communication, coordination, and rapid assessment during emergency situations.

Utilization of available resources and maintaining safety during wartime health crises.

Importance of training, simulation drills, and continuous professional development.

Dr. Salvi also shared real-life case scenarios and examples of global conflict zones, which helped participants understand the significance of prompt triage and effective coordination.

Interactive Discussion

Following the presentation, **an interactive Q&A session** allowed participants to clarify doubts regarding triage tools, pre-hospital procedures, and community preparedness. The speaker addressed all queries with clarity and practical insights, making the session highly beneficial.

Conclusion

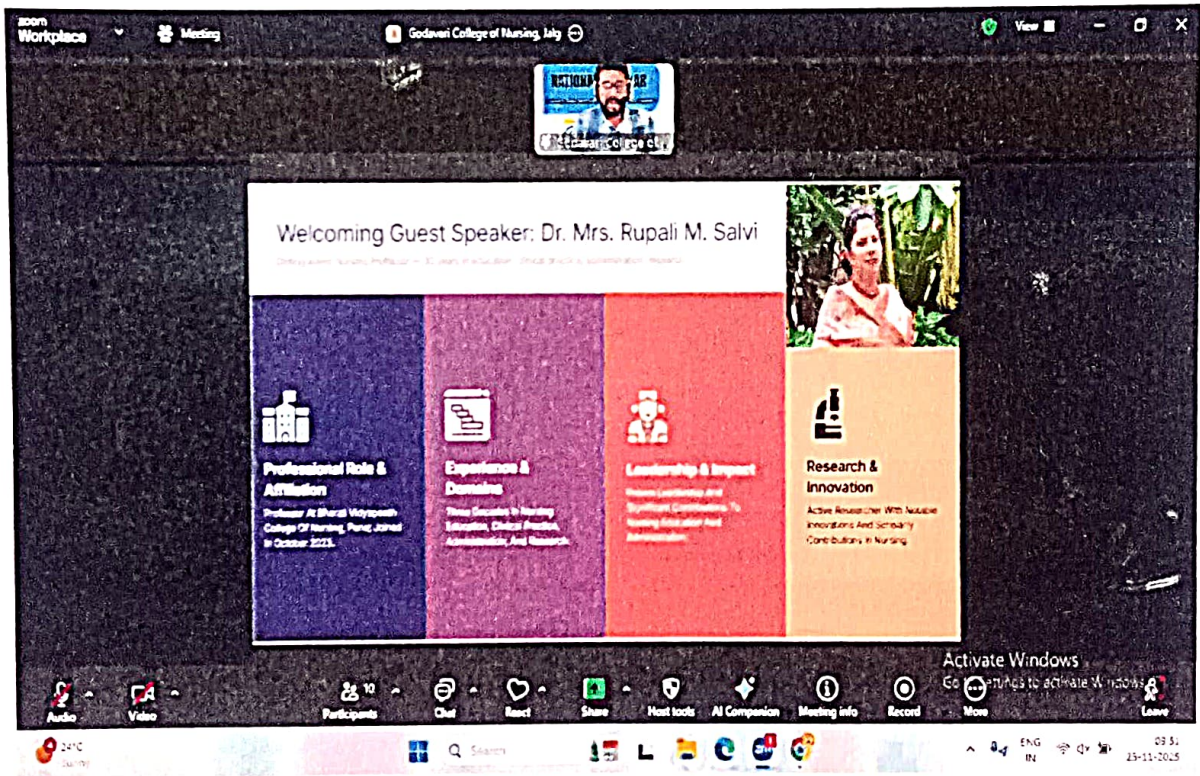

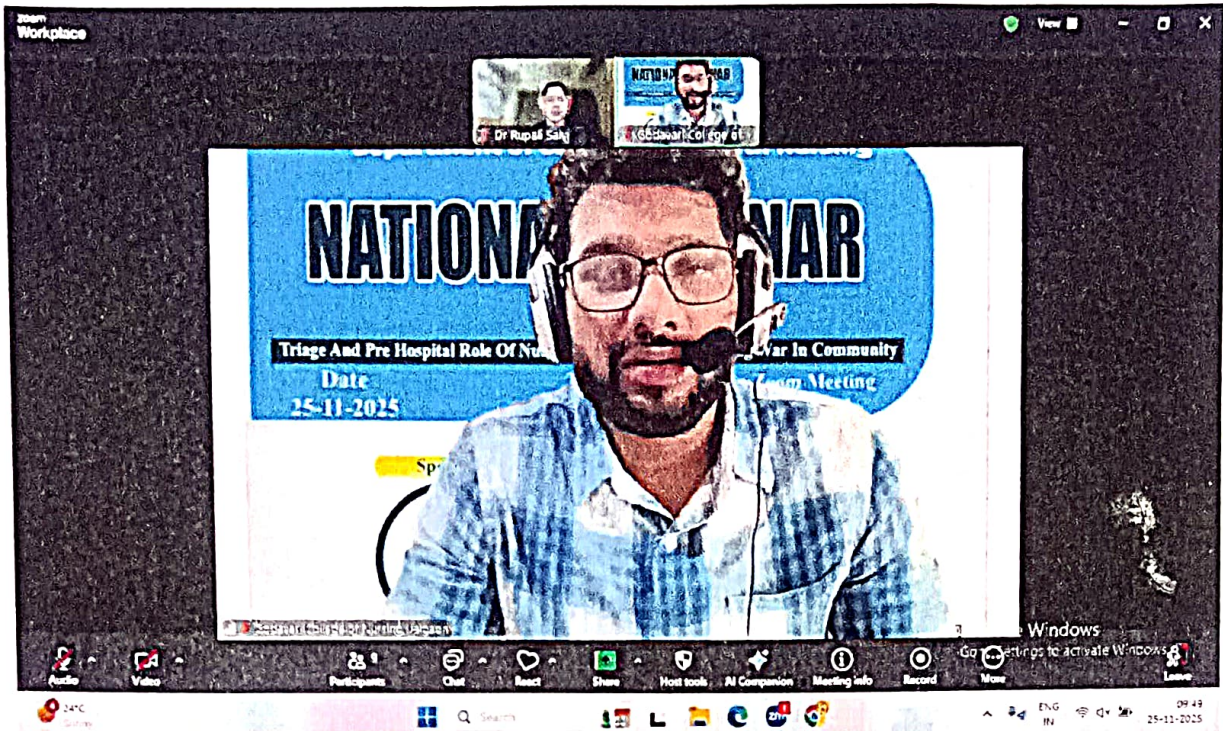

The webinar concluded with a formal Vote of Thanks presented by **Ms. Swati Gadegone**, Assistant Professor. She expressed gratitude towards the speaker, moderator, organizing committee, and all participants for contributing to the success of the event. The session enriched attendees with valuable knowledge and practical approaches essential for emergency nursing and community preparedness during war-like situations.

The National Webinar was highly appreciated and proved to be a significant learning platform for all attendees.
