PROFESSIONAL ETHICH PROGRAMME FOR STUDENT, TEACHER, THE ACADEMIC AND THE ADMINISTRATIVE STAFF

INTRIDUCATION: VISTAS is a learning temple founded on the principles of ethics and value-based education. Academic freedom, intellectual integrity, and the fair and respectful treatment of others are all ethical principles that faculty and students must enshrine. The concept of academic freedom is central to the academic enterprise. From a student's perspective, the basic pillars of ethical practices such as independence, prevention of harm to others, extending a helping hand to all, justice, and fidelity are constantly discussed and etched in the minds of our students. The basic cultures instilled on campus are universal brotherhood, self-confidence development, a broad and open mind to help the poor and needy, empathy for the oppressed, and ready-to-help attitudes. Professional ethics is an inevitable standard that should be deeply ingrained in the minds of young students in order to transform them from the heavily contaminated commercial environment to which they are exposed.
