VIRTUAL MODE

ABOUT THE FACULTY DEVELOPMENT PROGRAM

In today's rapidly changing landscape of education and healthcare, effective leadership is pivotal in fostering innovation, ensuring quality, and promoting interdisciplinary collaboration. Leadership in these fields demands not only strategic thinking but also a deep understanding of emotional intelligence, ethics, and change management to navigate complex challenges. Leadership extends beyond administrative functions; it encompasses mentorship, curriculum innovation, quality assurance, and the promotion of research culture. Leaders play a transformative role in bridging the gap between academia and practice, encouraging entrepreneurship, and cultivating a culture of wellness and mindfulness to enhance organizational effectiveness. Godavari College of Nursing, Jalgaon, Maharashtra, empowering leadership through faculty development is integral to shaping future-ready educators and healthcare professionals. Through collaboration with the Glorious International Nursing Research and Academic (GINRA) Foundation, this Faculty Development Program aims to provide a comprehensive platform for exploring leadership dynamics, fostering resilience, and nurturing future leaders in multidisciplinary education and healthcare.

OBJECTIVES OF THE FACULTY DEVELOPMENT PROGRAM

- To explore leadership styles in education and healthcare that drive innovation, and excellence.
- To develop core leadership competencies, including strategic decision-making, communication, and team dynamics for impactful leadership.
- To highlight the role of emotional intelligence, advanced conflict resolution and negotiation techniques in fostering effective leadership and resolving conflicts in diverse environments.
- To promote ethical leadership practices that balance integrity with decision-making in clinical and academic settings.
- To emphasize leadership's role in quality assurance, curriculum innovation, and accreditation processes in education.
- To develop interdisciplinary research and collaboration as a leadership importance to advance research development.
- To promote wellness and mindfulness practices to enhance leadership effectiveness and personal growth.
- To empower entrepreneurial and innovative cultures in healthcare through leadership-driven initiatives.

BENEFICIARY

- Diploma, undergraduate, and postgraduate students.
- Nursing Students/Faculty/Staff/Academicians/Administrators/Scholars.
- Researchers, Academicians, and healthcare administrators.

AIM OF ACTIVITY: -

The aim of this activity is to foster collaborative leadership skills across diverse healthcare disciplines. It seeks to enhance communication and teamwork in multi-disciplinary settings. Ultimately, the goal is to improve patient care outcomes through effective, inclusive leadership practices.

OBJECTIVE OF THE FACULTY DEVELOPMENT PROGRAM

1. **Enhance Operational Efficiency** – Improve production processes to reduce costs and increase output.
2. **Boost Product Quality** – Implement quality control measures to meet or exceed industry standards.
3. **Increase Capacity** – Expand manufacturing capabilities to meet growing demand.
4. **Incorporate Sustainability** – Adopt environmentally friendly practices and reduce the factory's carbon footprint.
5. **Upgrade Technology** – Integrate advanced technologies and automation for smarter production.
6. **Improve Worker Safety** – Ensure a safe working environment through proper training and compliance with safety regulations.
7. **Foster Innovation** – Promote a culture of creativity and innovation to stay competitive in the market.
8. **Strengthen Supply Chain Management** – Optimize logistics and inventory to ensure smooth and timely delivery of products.
9. **Enhance Employee Skills** – Provide training programs for staff development and to improve productivity.
10. **Achieve Regulatory Compliance** – Ensure adherence to industry laws and environmental regulations.

• OVERVIEW

The fundamental of nursing department organized 6-day online faculty development program. "Empowering leadership in multidisciplinary education and health care" from 20/01/25 to 25/01/25

In Godavari college of nursing.

Empowering leadership in multidisciplinary education and health care refers to a leadership approach that encourages collaboration, shared decision-making, and mutual respect among professionals from different fields. In this context, "multidisciplinary" means bringing together diverse expertise from various areas like education, medicine, nursing, psychology, and social work to work together toward common goals.

An empowering leader in such settings fosters an environment where individuals are encouraged to share their unique perspectives and skills, leading to innovative solutions, better decision-making, and improved outcomes. This type of leadership is focused on inspiring and enabling others to take initiative, trust each other, and work effectively as a team, while also supporting professional growth and development. In health care and education, it's especially important to break down silos and ensure that every team member feels valued and empowered to contribute.

This program organized by fundamental nursing department Name of organizer Mr. Piyush wagh HOD of department fundamental nursing and Organizing member MS. Rashmi Tembume assistant professor and Ms. Priyanka Gawai assistant professor and Mr. Suraj Khawate Bsc tutor and Mr. Abhijit Rathod Bsc tutor and Roshani Baghat Msc tutor and Shruti Sapate Bsc tutor and Diksha Adkane Bsc tutor.

This program was started with introduction of our esteemed speaker Professor. Vishakha Ganvir mam principal of Godavari college of nursing Jalgaon would likely use her welcome address to extend a warm greeting to attendees, whether students, faculty, or guests. In her address, she would express the college's values and mission, emphasizing the importance of education, healthcare, and the role of nursing in society.

+ SESSION OVERVIEW

Day -1 (20/01/25)

- **Session 1 Keynote Address :** Ms. Jyoti Walia is a distinguished nursing professional based at SNGNC, IGM Shimla, Himachal Pradesh. She currently serves as the Vice President of the Northern Zone of the Trained Nurses Association of India (TNAI). She has previously held the role of Registrar of the Nursing Council of Himachal Pradesh. Ms. Walia is known for her expertise and leadership in nursing, and she often delivers keynote addresses on topics related to the advancement of nursing practice and healthcare in India.

- **Session 2. Concept of leadership style in education and health care:** Dr. J. Sathya Shenbega Priya is the Principal of the College of Nursing at Kannur Medical Anjara Kandy, Kannur, Kerala. She is a respected leader in the field of nursing education. Her expertise extends to the concept of leadership styles in education and healthcare, emphasizing the importance of adaptive, collaborative, and supportive leadership. Dr. Priya believes that effective leadership in these fields fosters teamwork, enhances professional development, and ultimately improves patient care and educational outcomes.

- **Session 3 Emotional Intelligence and its role in leadership:**

Dr. Anjani Devi Nelavala is a Professor and Head of the Department of Mental Health Nursing at Narayana College of Nursing, Nellore, Andhra Pradesh. She is recognized for her expertise in mental health nursing and her contributions to nursing education. Her focus on **emotional intelligence (EI)** and its role in leadership highlights how EI is crucial for effective leadership, especially in healthcare settings. Dr. Nelavala emphasizes that leaders with high emotional intelligence can better understand, manage, and harness emotions to make thoughtful decisions, build strong teams, and improve patient outcomes. Emotional intelligence helps leaders navigate challenges, foster empathy, and create supportive environments in both educational and healthcare contexts.

DAY 2 (21/01/25)

- **Session 4. Ethics in leadership establishing a balance between leadership and integrity:** Dr. Lincy George is a Professor and Head of the Department, as well as the Vice Principal at Dr. B.R. Ambedkar Medical College and Hospital in Benaluru. She is known for her work in medical education and leadership. Her focus on **ethics in leadership** underscores the importance of establishing a balance between effective leadership and maintaining integrity. Prioritizing integrity, leaders can foster trust, inspire their teams, and promote a culture of accountability in both healthcare and educational settings.

Session 5. Strategic decision making and problem solving in leadership: Dr. Abhay Pattan is a Professor and Head of the Department of Community Health Nursing at Parul Institute of Nursing, Parul University, Vadodara, Gujarat. He is recognized for his expertise in nursing education and community health. His focus on **strategic decision-making and problem-solving in leadership** highlights the importance of thoughtful, informed choices in guiding teams and organizations. Dr. Pattan emphasizes that effective leaders use a combination of analytical thinking, creativity, and a deep understanding of the context to solve complex problems.

DAY 3 (22/01/25)

- **Session 6. Conflict resolution and negotiation techniques for leader:** Dr. S. Shridevy is an Associate Professor at Mother Teresa Post Graduate and Research Institute of Health Sciences, Puducherry. She specializes in conflict resolution and negotiation techniques for leaders, emphasizing their critical role in leadership. Dr. Shridevy advocates that effective leaders must be skilled in resolving conflicts and facilitating negotiations to maintain harmony and ensure progress.
- **Session 7. Leadership in curriculum design and pedagogy innovation:** Dr. Seema Sing is the Nursing Director at Shailinitai Meghe Hospital and Research Center in Wanadongri, Nagpur. She is known for her work in nursing leadership, particularly in the area of curriculum design and pedagogical innovation, complexities of patient care. Dr. Sing emphasizes the importance of developing dynamic, forward-thinking nursing curricula that adapt to the evolving healthcare landscape, enhance critical thinking, and prepare future nurses for the complexities of patient care.
- **Session 8. Communication and team dynamic in leadership :** Dr. Lily Podder is an Associate Professor at AIMS Nursing College in Bhopal, Madhya Pradesh, India. She specializes in the topic

of communication and team dynamics in leadership, highlighting their crucial role in effective leadership. Dr. Podder emphasizes that clear, open communication is essential for building strong teams and fostering collaboration. Effective leaders who excel in communication can facilitate better understanding, encourage active participation, and resolve conflicts.

▪ DAY 4 (23/01/25)

- **Session 9. Innovation in leadership practice :innovation in mentorship building future leader:**Dr. Vipin Charles Wesley is a Professor and Head of the Department of Mental Health Nursing at Indore Nursing College, Madhya Pradesh. His focus on innovation in leadership practice and mentorship in building future leaders highlights the importance of fostering a culture of creativity and guidance in nursing leadership. Dr. Wesley advocates for leaders who encourage innovative thinking and support the growth of future leaders through mentorship. By mentoring emerging professionals, leaders can help them develop the skills, confidence, and vision necessary to drive positive change in healthcare.
- **Session 10. Leadership in clinical education: bridging academia and practice:**Mr. Rajabhau Rathod is a Senior Nursing Tutor at Dr. R.N. Cooper Municipality General Hospital School of Nursing in Mumbai and the President of TNAI Maharashtra. His work focuses on leadership in clinical education, particularly in bridging academia and practice. Mr. Rathod emphasizes the importance of integrating theoretical knowledge with real-world clinical experience to enhance nursing education.

DAY 5 (24/01/25)

- **Session 11.Change management in clinical practice and academia in leadership:**Dr. Poonam Sharma is a Professor at the College of Nursing, SGT University, Gurgaon, Haryana. Her focus on change management in clinical practice and academia in leadership emphasizes the crucial role of effective leadership in navigating transitions within both healthcare and educational settings. Dr. Sharma advocates for leaders who can guide teams through change by promoting adaptability, clear communication, and a proactive approach to challenges.
- **Session 12.Promoting interdisciplinary research and collaboration :Role of leadership in research development:** Dr. Ramesh Chandrababu is a Professor in the Department of Medical

Surgical Nursing at the Sri Ramachandra Faculty of Nursing, Sri Ramachandra Institute of Higher Education and Research, Chennai, Tamil Nadu, India. His expertise lies in **promoting interdisciplinary research and collaboration**, focusing on the **role of leadership in research development**. Dr. Chandrababu emphasizes the importance of leadership in fostering collaboration between different disciplines to advance research. He advocates for leaders who encourage open communication, resource sharing, and teamwork among diverse professionals, which can lead to innovative solutions and improved healthcare outcomes.

- **Session 13. Empowering a culture of entrepreneurship and innovation in healthcare:** Dr. Bharat Pareek a Professor and Principal at SPHE College of Nursing in Mohali, Punjab. His work focuses on **empowering culture of entrepreneurship and innovation in healthcare**. Dr. Pareek emphasizes the need for healthcare leaders to foster entrepreneurial thinking and innovative solutions within the industry. He believes that encouraging nurses and healthcare professionals adopt entrepreneurial mindsets can drive improvements in patient care, create new healthcare models, and enhance organizational efficiency. Dr. Pareek's leadership approach supports the development of new ideas and initiatives, helping to shape a more dynamic, forward-thinking healthcare environment.

▪ DAY 6 (25/01/25)

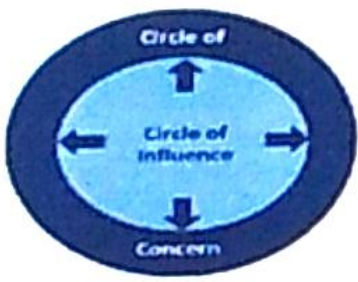

Session 14. Role of leadership in quality assurance and accreditation in education: Dr. Mr. Jyoti Rajes Thakur is a Professor and Principal at Gokhale Education Society's Sir Dr. M.S. Gossav Institute of Nursing Education, Training, and Research in Nashik, Maharashtra. **role of leadership in quality assurance and accreditation in education.** Dr. Thakur emphasizes that effective leadership is crucial for ensuring that nursing education institutions meet high standards of quality. She advocates for leaders who are committed to continuous improvement, accreditation processes, and fostering a culture of excellence. By leading efforts in quality assurance, Dr. Thakur helps ensure that nursing education programs are aligned with national and international standards, ultimately enhancing the credibility and impact of nursing education.

Session 15. Wellness and mindfulness for leadership effectiveness: Dr. Kiran Menghani is an Assistant Professor at the School of Business, Woxsen University, Hyderabad, Telangana. Her focus on wellness and mindfulness for leadership effectiveness emphasizes the importance of mental and physical well-being for leaders. Dr. Menghani advocates that leaders who practice mindfulness and prioritize wellness are better equipped to manage stress, enhance decision-making, and lead with clarity and focus. By integrating wellness practices into leadership, she believes leaders can foster a healthier work environment, improve their emotional intelligence, and drive greater organizational success.

Session 16. Core competencies for effective leader in education and healthcare Dr. Jeya Beulah D is the Head of the Department of Community Health Nursing at SCPM College of Nursing and Paramedical Science in Gonda, Uttar Pradesh. Her focus on core competencies for effective leadership in education and healthcare highlights the essential skills and qualities that leaders must possess to excel in these fields.
