## **AIMS:**

1. To raise awareness about HIV/AIDS.
2. To demonstrate international solidarity in the face of the pandemic.

## **OBJECTIVES:**

1. Awareness-raising activities take place around the globe.
2. Many people wear a red ribbon, the universal symbol of awareness of, support for and solidarity with people living with HIV.
3. People living with HIV make their voice heard on issues important in their lives.
4. Groups of people living with HIV and other civil society organizations involved in the AIDS response mobilize in support of the communities they serve and to raise funds.
5. Events highlight the current state of the epidemic.

## **HISTORY OF WORLD AIDS DAY**

World AIDS Day was first designated in August 1988 by James W. Bunn and Thomas Netter, to get some semblance of control over the pandemic that had claimed the lives of so many people. Both James W Bunn and Thomas Netter were public information officers for the AIDS Global Program of the World Health Organisation.
