Website: www.cncbhupal.com

Welcome note:

We are delighted to invite you all to witness the Inter State College Competition at our prestigious college. We hope to provide a virtual platform to sprinkle incredible knowledge with new enhancements in nursing education.

Goals:

- To showcase the talents of student community.
- Recognize various methodologies of teaching – learning.
- Instill the art of creativity.
- Create liaison between interstate colleges.

Target group:

- Nursing Students (UG)

About the host:

Chirayu Charitable Foundation has its inception since 2001 which stands fineness in all aspects of education. Chirayu College of Nursing came into existence in 2012 with B.Sc and GNM programs to meet the needs for an educated workforce in healthcare services. In response to the pressing needs of the professional Nurse leaders and Nurse Educators, Post Graduate degree program in nursing was started in 2016. The Post Basic B.Sc. Nursing program was also started in the same year for

upgrading those with Diploma qualification. All these courses are affiliated to Madhya Pradesh Medical Science University, Jabalpur and recognized by Indian Nursing Council and Madhya Pradesh Nurses Registration Council.

To keep pace with the rapid advancements in Nursing Education and Research, Chirayu College of Nursing has evolved itself by organizing State and National Workshops and Research Meets. The snapshots of the curricular activity can be documented as: State Level Workshop on 'Nursing Education: Quality with Compassion' in 2017; National Level Workshop on 'Evaluation with Integrity' in 2018; Second National Workshop on 'Transforming Nursing Education' in 2019; State Level Intercollegiate Research Meet on 'Research Utilization in Evidence Based Nursing Practice' in 2018; National Level Intercollegiate Research Meet on 'Visualizing Future through Nursing Research' in 2019. Along with other co-curricular activities the college is active in publications and has come out with a series of releases of souvenirs. Our institution focuses on the development of the imaginative, affective, and creative dimensions to make it holistic for each student and to provide quality learning experiences.

Perspectives of the Competition:

In the 21st Century, the world is changing fast, therefore, the conventional education curriculum, which was developed in the early 20th century has to pave the way to a new kind of education and learning. Through this effort we attempt to impart online education to emphasize that the 21st century education and learning surpasses the four walls of classroom.

Curricular and co-curricular activities help in the holistic development of students and assist in developing critical skills and abilities to be resilient, persistent and competent in this COVID era.

About the Events:

- Poetry.
- Poster.
- Puppet Show.
- Quiz.
- Rangoli.
