

COMMUNITY POSTING

WATER PURIFICATION VISIT

10 FEB 2022

SECOND YEAR BASIC BSC NURSING

INTRODUCTION:

The community health nursing syllabus for both B.Sc. Nursing and M.Sc. nursing Programmes offer ample opportunities for the students to explore community, understand felt needs of the community and design the extension programmes as per their needs. For B.Sc. nursing programme, the second year students and final year students get the opportunity for community health training as part of their curriculum. As for M.Sc. nursing programme, students has the choice of selecting Community Health Nursing subject as their clinical specialty, apart from that, during the first year of M.Sc. nursing programme, students get community posting as part of the requirement of the subject 'Advanced Nursing Practice'

Water purification means the process of removing undesirable chemicals, biological contaminants, suspended solids, and gases from water. The goal is to produce water that is fit for specific purposes. Most water is purified and disinfected for human consumption (drinking water), but water purification may also be carried out for a variety of other purposes, including medical, pharmacological, chemical, and industrial applications. The history of water purification includes a wide variety of methods. The methods used include physical processes such as filtration, sedimentation, and distillation; biological processes such as slow sand filters or biologically active carbon; chemical processes such as flocculation and chlorination; and the use of electromagnetic radiation such as ultraviolet light.

GODAVARI COLLEGE OF NURSING, JALGAON

REPORT ON TREE PLANTATION PROGRAM

THEME – “ SAVE PLANT , SAVING PLANET ”

Tree plantation is an activity that we can all participate in for improving our environment .trees plays significant role in ecological balance and equilibrium and by protecting trees and growing more trees ,we can ensure the health of ecosystems .

On the occasion of President sir Birthday Respected Dr. Ulhas Patil Sir ,Tree plantation Drive was conducted by faculty members of Godavari college of nursing , Jalgaon . Tree plantation programme was held on 23 February 2021 at 10 am in our college campus. Tree plantation was done by

- President Dr. Ulhas Patil Sir ,
- Dr. Ravindra Puranik Sir , Principal of Godavari college Of Nursing , Jalgaon .
- Mrs. Nivedita Puranik , Vice Principal of Godavari college Of Nursing , Jalgaon.
- Mrs. Manorama Kashyap , Mrs. Jacinth and other faculty members Ms. Ujwala and Ms. Pooja Tayade

In this plantation drive , all faculty members of Godavari college Of Nursing , Jalgaon were actively participated .We had planted various types of plant some of them jacaranda (Niligul) , hibiscus plants , plethorum plants , Banyan tree , Rose plants, Chandani plants. Our faculty members had also explained about the trees and the importance of tree plantation . even our help staff also taught us how to plant them and then they watered the plants, their uses etc.

At the end of the Programme , there was Photo session with Our President Dr. Ulhas Patil Sir ,

Dr. Ravindra Puranik Sir , And other faculty members .
