# Report on National Safe Motherhood Day 2025

**Organized by:** OBGY Department, Godavari College of Nursing, Jalgaon

**Date:** 11th April 2025

**Venue:** Community Area, Jalgaon

On the occasion of National Safe Motherhood Day 2025, the Department of Obstetrics and Gynecology (OBGY) at Godavari College of Nursing, Jalgaon, organized a community outreach program aimed at raising awareness about the importance of maternal health and safe motherhood practices.

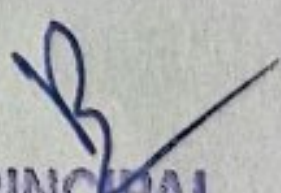

The event took place in a local community area and featured active participation from the V<sup>th</sup> Semester B.Sc. Nursing students. The students conducted an engaging skit performance to educate the community on prenatal care, institutional delivery, postpartum care, and government schemes supporting maternal health. The skit conveyed key messages in a relatable and impactful manner, drawing the attention and appreciation of the community members present.

In addition, the students prepared informative and creative poster presentations, which were displayed around the event venue. These posters highlighted vital topics such as nutrition during pregnancy, danger signs in pregnancy, immunization, and the importance of regular antenatal check-ups.

The initiative successfully promoted awareness and sensitized the community about safe motherhood, aligning with the broader goal of reducing maternal mortality and ensuring the well-being of mothers and newborns. The event was well-coordinated and received positive feedback from both the participants and the attendees.

The OBGY Department of Godavari College of Nursing continues to play an active role in promoting community health education. Events like these not only empower students with practical experience but also contribute significantly to public health awareness.
