GUEST LECTURE

ON

TOPIC – SCHIZOPHRENIA THROUGH THE CLINICAL LENSE

❖ **DATE: 31-05-2025**

❖ **ORGANIZING COMMITTEE: -DEPARTMENT OF MENTAL HEALTH
NURSING, along with UG & PG STUDENTS**

❖ **VENUE: - AKSHATA PATEL HALL, GCON, JALGOAN,**

Aims

Aims to raise global awareness about schizophrenia and combat its pervasive stigma.

Objectives

- To challenge societal stigma surrounding schizophrenia.
- To foster an environment where individuals affected by the condition feel empowered to share their unique and powerful personal experiences.
- To move beyond detrimental labels, emphasizing instead the distinct journeys, remarkable resilience, and inherent potential of individuals navigating life with schizophrenia.
- To expand knowledge (of the target audience: faculties and students) about schizophrenia.
- To challenge misconceptions about schizophrenia.
- To actively contribute to a more inclusive and supportive environment for individuals living with schizophrenia.

GODAVARI FOUNDATION
GODAVARI COLLEGE OF NURSING

HISTORY OF WORLD SCHIZOPHRENIA DAY

World Schizophrenia Day, observed annually on May 24th, serves as a vital global initiative to enhance understanding of schizophrenia and combat the deeply ingrained stigma surrounding it. This significant day was established by the National Schizophrenia Foundation in honor of Dr. Philippe Pinel, an 18th-century French physician renowned for his ground breaking work in providing humane care for individuals with mental illness. Over the years, World Schizophrenia Day has evolved into a crucial platform, dedicated to several key objectives: raising awareness and reducing stigma by dispelling common myths such as the misconception of a "split personality"; promoting early diagnosis and treatment to ensure better outcomes and advocate for accessible mental health services; supporting ongoing research and innovation to further understand the causes, mechanisms, and treatments of the condition; and empowering individuals with schizophrenia and their families by promoting their rights, providing resources, and fostering community support. It is important to note that the term "schizophrenia" itself, coined in 1908 by Swiss psychiatrist Dr. Paul Eugen Bleuler, literally means "a splitting of the mind," referring to a disjunction of mental functions rather than the presence of multiple personalities. Ultimately, World Schizophrenia Day stands as a powerful reminder of the ongoing need for advocacy, education, and support, urging society to cultivate a more inclusive and understanding environment for those living with this condition.

GODAVARI FOUNDATION

GODAVARI COLLEGE OF NURSING

REPORT ON WORLD SCHIZOPHRENIA DAY

Date: Saturday, May 31, 2025

Venue: Seminar Hall, Godavari, College of Nursing, Jalgaon

Time: 10:00 AM - 11:00 AM

Audience: UG & PG Students

On Saturday, May 31, 2025, Godavari Foundation's Godavari College of Nursing, (Department of Mental Health Nursing), Jalgaon successfully organized a guest lecture on schizophrenia through the clinical lense. The event, held at the college's Seminar Hall, aimed to raise awareness and foster a deeper understanding of schizophrenia among faculties and students.

The program featured an insightful and comprehensive lecture delivered by Dr. Vilas Dattatraya Chavan, MD, Assistant Professor of Psychiatry at DUPMCH, Jalgaon. Dr. Chavan expertly explained the various types of schizophrenia, effectively utilizing illustrative movie clips to enhance understanding. Dr. Uma Chandurkar, MD, Psychiatry, highlighted that the session's unique approach, incorporating video examples, was strategically planned to significantly broaden attendees' knowledge. Certificates were handed over to the speakers after the session.

The event was expertly hosted by Ms. Shilpa Waghmare, MSc Lecturer. The program commenced with an insightful introduction of the Chief Guest by Prof. Ashwini Vaidya, HOD of the Mental Health Department at Gcon, Jalgaon, who also delivered a compelling speech on the critical importance of Schizophrenia Day. Under Graduate and postgraduate students demonstrated exceptional dedication through their active participation and impactful speeches, significantly raising awareness.

The successful and effective program concluded with a comprehensive vote of thanks delivered by Mr. Sumit Nirmal, Assistant Professor at Gcon, Jalgaon. This event was a testament to the seamless cooperation and collaborative efforts of the departmental faculties and management, reinforcing their commitment to mental health education and advocacy.

weekly news outline

GODAVARI FOUNDATION'S GODAVARI COLLEGE OF NURSING, ORGANIZING GUEST LECTURE FOR WORLD SCHIZOPHRENIA DAY 2025

Dear Esteemed Faculty members and Students,

The Department of Mental Health Nursing cordially invites you to a Guest lecture in observance of World Schizophrenia Day. This year, we are proud to align with the powerful global theme: "Rethink the Label: Reclaim the Story." Please join us on Saturday, May 31st, 2025, for an insightful session dedicated to challenging the societal stigma surrounding schizophrenia. This event aims to foster an environment where individuals affected by this condition feel empowered to share their unique and powerful personal experiences.

Schizophrenia is a complex mental health condition impacting millions globally. Regrettably, it is often misunderstood and accompanied by harmful stereotypes, which can lead to profound isolation and discrimination. This event is a testament to our commitment to moving beyond these detrimental labels, emphasizing instead the distinct journeys, remarkable resilience, and inherent potential of individuals navigating life with schizophrenia.

We believe this guest lecture offers a unique opportunity to expand your knowledge, challenge misconceptions, and actively contribute to a more inclusive and supportive environment for individuals living with schizophrenia. Your presence and participation are invaluable as we collectively strive to Rethink the Label and enable individuals to Reclaim Their Story.

We eagerly anticipate your participation.

Date :31/5/2025

Topic: Schizophrenia

Time :10-11am

Target group: Faculties & Students

Venue: Seminar Hall, Godavari College of
Nursing Jalgaon.
