# REPORT ON NATIONAL LIBRARY DAY CELEBRATION 2026

**Date:** 12th August 2026

**Venue:** Dr. Akshata Patil Hall, Godavari College of Nursing, Jalgaon

Godavari College of Nursing, Jalgaon, celebrated **National Library Day** on **12th August 2026** at **Dr. Akshata Patil Hall** with great enthusiasm and active participation of students and faculty members. The programme was organized with the objective of creating awareness among students about the importance of libraries, developing regular reading habits, and encouraging the effective utilization of library books and other learning resources.

The celebration was organized under the valuable guidance and support of **Prof. Vishakha Ganvir Madam, Principal, Godavari College of Nursing (GCON), Prof. Jacinth Dhaya C. H., Vice Principal, and Ms. Nimmi Verghese, Head of NAAC Criteria 4 – Infrastructure and Learning Resources.** Their continuous encouragement and support contributed significantly to the successful organization of the programme.

The main objectives of celebrating National Library Day were:

1. To create awareness among students regarding the importance of library resources.
2. To encourage students to develop regular reading habits.
3. To motivate students to make effective use of library books and reference materials.
4. To promote self-learning and academic development among nursing students.
5. To recognize and appreciate students who regularly and effectively utilize library resources.
6. To encourage students from all batches to actively participate in library activities.

The programme focused on highlighting the important role of the library in the academic and professional development of nursing students. The library is an essential learning resource that provides students with access to textbooks, reference books, journals, periodicals, and other educational materials. Regular use of these resources helps students strengthen their subject knowledge, improve their understanding of nursing concepts, and remain updated with recent developments in healthcare and nursing practice.

During the programme, students were encouraged to understand that library utilization is not limited only to examination preparation. Students were motivated to use library books for gaining additional knowledge, preparing assignments and seminars, developing critical thinking, improving communication skills, and enhancing their overall academic performance.

The students were also guided regarding the **proper and effective use of library books and resources.** They were encouraged to maintain discipline in the library, handle books carefully, follow library rules and regulations, and make maximum use of the available learning resources. The importance of developing a consistent reading habit was also emphasized.

## Best Library User Award 2026

A special highlight of the National Library Day celebration was the presentation of the “**Best Library User Award 2026.**” The award was given to deserving students from **all batches** in recognition of their excellent utilization of library books and resources.

The award aimed to appreciate students who demonstrated regular interest in reading and made effective use of the college library for their academic development. Recognizing such students provided motivation to other students to actively utilize the library and develop a positive attitude towards reading and self-learning.

The award ceremony created enthusiasm among the students and encouraged healthy competition regarding library utilization. Students appreciated the initiative and expressed their willingness to make better use of library facilities in the future.

The programme also highlighted the importance of library facilities in nursing education. Nursing students require continuous access to updated knowledge because nursing is a dynamic and evidence-based profession. Textbooks, reference materials, journals, and other library resources help students acquire theoretical knowledge and connect it with clinical practice.

Effective library utilization also helps students prepare for university examinations, competitive examinations, presentations, assignments, research activities, and clinical practice. Therefore, students were encouraged to consider the library as an important centre for continuous learning and professional development.

Students from different batches actively participated in the National Library Day celebration. They showed enthusiasm during the programme and appreciated the efforts taken by the college to promote library utilization. The presentation of the Best Library User Award further motivated students to increase their participation in library activities.

The programme created awareness among students about the importance of reading beyond the prescribed syllabus. Students were encouraged to explore different books and reference materials available in the library and use them for broadening their knowledge and improving their professional competencies.

The **National Library Day Celebration 2026** at Godavari College of Nursing, Jalgaon, was successfully conducted on **12th August 2026** at Dr. Akshata Patil Hall. The programme effectively highlighted the importance of library books and learning resources in the academic and professional development of nursing students.

The guidance of Prof. Vishakha Ganvir Madam, Principal, GCON, Prof. Jacinth Dhaya C. H. , Vice Principal, and Ms. Nimmi Verghese, Head of NAAC Criteria 4 – Infrastructure and Learning Resources, provided valuable support for the successful conduct of the programme.

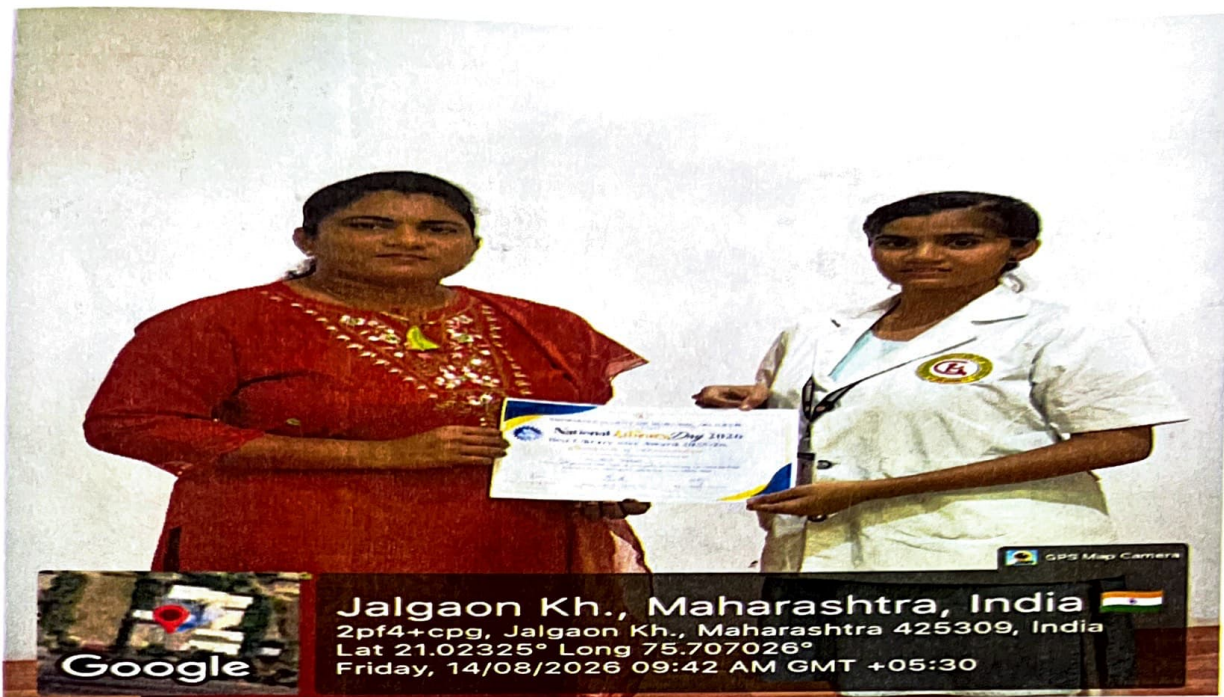

The presentation of the **Best Library User Award 2026** to students from all batches served as an important motivational initiative. Overall, the celebration successfully encouraged students to develop regular reading habits, utilize library resources effectively, and cultivate a culture of continuous learning. The programme was meaningful, informative, and successful in achieving its objectives.
