**AIM OF ACTIVITY:**

The activity aimed to bridge the gap between theoretical knowledge and practical application by providing a simulation learning environment. It sought to create a safe space for the students to practice medical surgical skills, receive expert guidance and gain confidence in their abilities.

**OBJECTIVE OF SIMULATION BASED WORKSHOP :**

- The primary objective of training program was to equip the nursing students with the necessary knowledge and skill to effectively handle emergency patient it aimed to-
- Enhance their knowledge and understanding of ACLS /BLS/PALS.
- Familiarize them with correct technique and procedure for various emergency procedures.
- Provide them with ample opportunities for practice and skill development.
- Foster their critical thinking and decision –making abilities in Mega code scenario based practice scenarios.

**OVERVIEW**

The medical surgical nursing department organizes two days' workshop on ACLS/BLS/PLS program for diploma, Graduates and post graduate students. Total 220 participants were enrolled for this workshop.

It was comprehensive initiated to improve their skill during emergency management. The program focused on providing hands-on experience in simulated environment , allowing students to develop competence and confidence in performing various medical surgical lifesaving procedure such as cardiopulmonary resuscitation ,advance cardiac life support and pediatrics life support.

The training program aimed to bridge the gap between theoretical knowledge and practical application by offering a realistic and controlled learning environment. By engaging in simulated scenarios students were able to gain practical experience without compromising patient safety.

The program was initiated with welcome address of Prof.Vishakha Ganvir the chairperson of the programme. organizing secretary Mrs.Manorma Kashyap . There after it proceeds with the lighting the lamp by dignitaries of workshop. Latter on it felicitation of resource person Mr. Swapnil Rahane certified (AHA Instructor ) Parul institute of Nursing, Vadodara Gujarat and Balram Kathaliya certified (AHA Instructor ) Parul institute of nursing Vadodara ,Gujrat by convener Mr.Piyush wagh and workshop facilitator Ms. Rashmi Tembhurne respectively.

**Day -1 (20/09/2024)** – Workshop started with knowledge based pre-test questionnaire latter on proceeds with lecture on basic life support and use of automated external defibrillator (AED) Along with cardiac arrest algorithm practice. Both resource people gave hands on practice for each topic to every students and faculty to give their relevance in nursing practice and their significant in patient care.

By participating in the program, the students had the opportunity to enhance their understanding of medical surgical concepts and principles. They learned about the post cardiac care, pediatrics life support, Airways Management, (AMBU BAG MASK) and the day one ends with debriefing session.

**DAY -2 (21/09/2024)** - The program schedule was carefully planned to include both theoretical lectures and practical session .The second day starts with the session on post cardiac care ; tachycardia and Bradycardia algorithm practice along with the management chocking and reversible causes of cardiac arrest. Latter on session proceeds with Mega code scenario based practice. The Practical session included live demonstration and hands-on practice, allowing the students to apply their knowledge in simulated setting.

Day ends with post –test and valedictory function.

At the end workshop vote thanks was delivered by Ms.Divyani Pawade (Bsc . Third sem student).
