STATE LEVEL CONFERENCE — 2024 —

"ARTIFICIAL INTELLIGENCE IN HEALTH CARE INDUSTRY"

■ 7th May 2024 ■ GCON, Auditorium

"Some people call this artificial intelligence, but the reality is this technology will enhance us. So instead of artificial intelligence, I think we'll augment our intelligence."

- Ginni Rometty

WELCOME NOTE :

Greetings from Godavari Foundation's, Godavari College of Nursing !

We are extremely delighted and honoured to invite you to the State Conference on "Artificial Intelligence in Health Care Industry" to be held on 7th May 2024.

This will be an academic fest that will provide a platform to grow, learn, connect, and collaborate. This conglomeration will provide an opportunity for health professionals across the state, to exchange their views, gather new ideas, and draw inspiration for future endeavours. With immense pleasure, we look forward to welcoming you to an exciting and enriching event.

Let's meet to Innovate, Integrate, and Implement!

CONFERENCE- BRIEF OVERVIEW

Godavari College of Nursing is a leading institution dedicated to excellence in nursing education and research. With state-of-the-art facilities and experienced faculty, we strive to shape the future of healthcare professionals.

About the Conference :

Godavari College of Nursing is proud to host one day state level conference on "**Artificial Intelligence In Health Care Industry**".

The transformation of the health care through the integration of artificial intelligence (AI) in health care represents a groundbreaking shift in the delivery and enhancement of health care.

This conference aims to provide a platform for healthcare professionals, researchers, and students to discuss innovative applications, challenges, and opportunities in integrating AI into healthcare practices.

Aim

To examine the intersection of artificial intelligence and healthcare industry, with a focus on leveraging AI technologies to enhance patient care, improve healthcare outcomes, and optimize healthcare processes across various domains.

Objectives

Recognize the power of AI in Nursing Education

Explain the concept of digitalization in healthcare and its implications for patient care.

Describe the application of AI in health informatics and virtual reality.

Discuss the role of AI in data analysis, interpretation, and predictive modelling in nursing research.

Discuss the benefits and challenges of integrating robotics and AI into healthcare workflows.

Identify the role of AI tools in cyber security.

or any other field, refers to the process of using digital technologies to transform traditional analog or manual processes into digital formats.

It involves the conversion of information, processes, services, and activities into digital form, enabling easier storage, access, manipulation, and sharing of data.

- ❖ Why Digitalization in Health care
- ❖ Importance of digitalization in improving patient care
- ❖ Transition to AI in healthcare
- ❖ Revolutionizing Healthcare through Technology
- ❖ AI in Patient care

Session II

TOPIC 1 –AI IN THEALTH INFORMATICS AND VIRTUAL REALITY

The session was moderate by Mrs.ManoramaKashyap ,Associate Professor Medical Surgical Nursing, GCON Jalgaon and the guest speaker was Dr. PrashantSolanke, Dean Dr.UlhasPatil Medical College & Hospital ,Jalgaon Focuses on various points such as

- AI has transformative application across various aspects of health informatics
- Virtual Reality
- Integrated AI and VR in health informatics offers numerous benefits across various healthcare domains.
- Integrating AI and VR in health information presents several challenges and consideration.
- The future outlook for integrating AI and VR in health informatics is promising,with several emerging trends and opportunities.

Topic 2 –IMPLEMENTATION OF AI IN NURSING RESEARCH

The session was moderateby Ms.Menao Devi Khurijam ,Associate Professor Obstetrics and Gynacological Nursing GCON ,Jalgaonand the guest speaker was Mr.DhirajKalra,gives the detailed explanation about the implementation of AI in nursing research.

- ❖ What is AI ?
- ❖ Uses of AI in IT Market
- ❖ Artificial intelligence or machine learning
- ❖ How do computers learn
- ❖ Will machines become more intelligent than humans?
- ❖ Can we trust AI?
- ❖ AI for planning and study design
- ❖ AI for data collection

- ❖ AI for data visualization and reporting
- ❖ AI for data interpretation
- ❖ AI for Manuscript preparation ,AI for journal selection.

Session III

Topic 1 – Robotics & Control with AI in Health Care Industry

The session was moderate by Mrs.AshwiniMankar ,Associate Professor ,Pediatrics / Child Health Nursing ,GCON Jalgaon and the guest speaker was Prof.NileshVani ,HOD of Computer Engineering Department , GF's Godavari College of Engineering ,Jalgaon gives the brief information regarding Robotics & Control with AI.

- ❖ What is Robotics?
- ❖ Robot control
- ❖ Cobot
- ❖ Artificial intelligence
- ❖ Neural network
- ❖ Perceptron
- ❖ AI based software and rule based software
- ❖ AR and VR
- ❖ Components of a Robot.

Topic 2 – AI TOOLS AND CYBERSECURITY

The session was moderate by Mr.Piyushwagh ,Associate Professor ,(FON) GeonJalgaon and the guest speaker was Ms.ShirinS.Pinjari HOD of Diploma in Computer engineering Deapartment Godavari college Engineering and polytechnic Jalgaon. Guest speaker enlightened the knowledge regarding following points -

- ❖ Basic of Artificial intelligence
- ❖ AI Tools used in health care industry
- ❖ Basic of Cyber Security
- ❖ Threats of cyber security
- ❖ Introduction to spider crime

Best practices to prevent cyber-attack Such as Phishing , Social Engineering , Malwar ,Viruse ,Bomb ,Trojan ,Worm ,Email Worm ,Internet Worm ,Zombie & Botnet ,Adware and Spyware,Exploit kit ,Denial of Service Attack ,Ransomwar, Ransomware Control ,Business Email Compromise .

In whole sessions guest speaker gave detailed knowledge was ensure to all the 87 participants .the program further proceeds with scientific paper presentation and the evaluator of this session was Dr.RahulB. Pandit Nursing officer B.J. Medical college and Sassoon general hospital Pune. Along with Dr.Priyadarshani Moon Associate professor GeonJalagon .
